Few words spark the imagination as does the word Hypnosis. There is mystery that surrounds Hypnotism. Consider the power any idea, in which we believe, holds upon our lives. Our ideas can set us free or be the chains, which create limits in our lives.

*"Imagination is more powerful than knowledge" Albert Einstein*

Participants can expect the unusual and amazing while discovering the extensions of their own mind. Shows entertain the audience and all participants leaving them feeling better leaving than they did when they came on the stage.

Ryan Foster is a Certified Master Hypnotist having studied both stage hypnosis and hypnotherapy with some of the best instructors in the field. Ryan is also a guest instructor at The Canadian Institute of Ethical Hypnosis.

Ryan has been putting volunteers to sleep, bringing out their hidden talents and left audiences laughing on stages all across Canada.
